

Dear Clients,

When arriving at the hospital, please give us a call to let us know that you are here **780-424-0025** as our doors will again be locked.

As per Alberta Health Services, the Restrictive Exemption Program will be implemented in our hospital beginning September 20, 2021 as follows:

Those aged 12 and older entering the hospital require one of the following:

1. Proof of vaccination - single dose between September 20 - October 25, 2021 (vaccine must have been given 2 weeks prior to hospital appointment). After October 25, 2021 proof of double vaccination.
2. Documentation of medical exemption
3. Proof of privately paid negative PCR or COVID rapid test within 72 hours of appointment (test from AHS or Alberta Precision Lab not allowed for program)

Masks are still required of all clients coming into the hospital. Please, if possible, only one person attending the appointment.

Alternatively, for those not wanting, or unable, to come into the hospital, service may be provided like the first year of the pandemic with clients waiting in their vehicles or drop off services, and all communication, including payment, over the phone.

Thank you all very much for your help. We are doing everything that we can to ensure we can continue to take care of your furry family members.

Take care and stay safe!

All of us at the Blue Cross Animal Hospital
