

## UPDATED COVID-19 PROTOCOLS

January 2023

Thank you so much everyone for your most considerate co-operation during this very difficult time. With your help, we have managed not to be shut down!!

At this time feel free to come into the hospital with your pet – we are very glad to see you! We ask that you please wear a mask, especially in the exam room where we are in fairly close proximity.

Thanks again, we so much appreciate you and your wonderful, furry families.

From – All of us at the Blue Cross
